

STEELMASTER MOTORISED CURVING ROLLS

Modern Design, User Friendly Machine For Your Rolling Applications

EQUIPMENT & ACCESSORIES SUPPLIED

Heavy duty foot switch and control buttons, standard section roll tooling to suit flat and angle & operation manual.

FEATURES

- heavy duty welded frame construction
- motorised bottom drive rollers
- power up and down on top roll
- tilt and support bearings for top roller
- precision ground rolls
- pendent control operation with forward and reverse on the foot pedal
- stub extensions standard, offering basic section rolling operation
- safety interlocks and emergency shut-off device surrounding roll operation area
- swing out end enables complete cylinders to be removed
